

Hits like a girl is back! With Versatile Rhythms and Soloing Ideas!

A lot of people learning djembe are uncertain of what to do when they are in an improvising situation. Whether it be playing a solo or accompanying another instrument!

This is going to be a fun way of getting back into our drumming. Sally will teach you some catchy and versatile short rhythmic phrases that can be used in improvised settings.

This class will be fun for students of all levels!

I look forward to seeing you this Sunday 26.02.17 at Hazelhurst Regional Gallery & Arts Centre! 10am to 12pm with a small coffee and catch up break in the middle somewhere!

For bookings phone the gallery on: (02) 8536 5700
